UNISIN ML

Melamine based resin

TYPICAL PROPERTIES

Appearance	: Light brown powder
Active Substance	: 96%
pH (10% sol.)	: 7.5 ± 0.5
Ionic Character	: Anionic

DESCRIPTION

UNISIN ML improves the fullness of leathers by filling the empty and loose parts hence increases the quality and easily added into the neutralisation float together with other relevant tanning agents. Its employment doesn't change the dyeing capacity and the intensity of colour shade. **UNISIN ML** is especially suitable for upholstery, shoe-upper and garment leathers and it doesn't affect the fastness properties of the finished leathers.

APPLICATION

UNITAN ML is convenient for shoe-upper: 4 - 6%; chrome tanned belt: 4 - 8% and 4 - 6% for glazed kid type leathers on shaved weights.

PACKAGING, STORAGE AND SHELF LIFE

Available in 25 kg bags. Store in accordance with local regulations. Keep the package closed when not in use. Store in a dry place and protect from direct sunlight. Shelf life is 12 months from the date of manufacture when stored in its original package. For more information see Safety Data Sheet.
